DETAILED ACTION

1. Claims 1-16, 18-20, 23-63, 66-72 are currently pending and claims 17, 21-22, 64-65 are cancelled in the instant application.

Claims 15-16, 20, 32, 34, drawn to compounds and pharmaceutical composition of formula (V) and (VII) are examined. Claims 1-14, 18-19, 23-31, 33, and 35-67 remaining subject matter being drawn to the non-elected invention are withdrawn per 37 CFR 1.142(b).

2. The rejections of claims 15-16, 20, 32 and 34 under 103(a) over Asano et al., and Drioli et al., and Zhang et al are maintained for reason of record.

Applicants argue that claims 15 and 17 note that the compounds have outstanding pharmacological properties which are outlined in the specification. It is the examiner's position that R^{21} is C_2-C_{20} alkyl, wherein the prior art compounds has $-CH_3$ at the position corresponding to R^{21} . One ordinary skill in the art would be motivated to modify the compounds of Asano et al. to obtain the instant compounds because they are homologues.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory

action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
